+ Accelerate your IT career with our part-time MSc delivered in Central London.

+ Develop your skills and get the most up-to-date computing knowledge required to advance in this dynamic and varied sector.

+ Modules cover Website Development, System Analysis & Design, Database Modelling and Programme Design.

+ Taught by expert practitioners over 15 weekend sessions spread over two years.

+ Designed to allow you to fit your studies around your working life, this programme will also give you the opportunity to apply your knowledge immediately to your workplace.

+ Programme launched in September 2016.
