WHAT WILL I DO AND WHEN?

<p>SEMESTER 1</p>  <p>60 credits</p>	<p>Study your first semester modules.</p> <p>Take advantage of this time to start thinking about what sort of work you would like to do, especially consider the types of roles, and your skills.</p>						
<p>SEMESTER 2</p>  <p>60 credits</p>	<p>This is when you will start your internship search. Alongside your second semester modules, you will need to:</p> <table border="1"> <tr> <td> <p>1 Meet</p> <p>Meet the QA Higher Education Placements and Internships Service to discuss your career aspirations and skills to identify possible roles.</p> </td> <td> <p>2 Prepare</p> <p>Begin working on your CV and identifying the areas that you need to develop to undertake an internship.</p> </td> <td> <p>3 Participate</p> <p>Participate in the employability workshops that are included in your course to strengthen your applications.</p> </td> </tr> <tr> <td> <p>6 Prepare</p> <p>If you secure an internship, we will make sure you are fully prepared for your first day with everything you need.</p> </td> <td> <p>5 Interview</p> <p>Fully prepare for your interviews - research the company, re-read the job description and consider how your skills fit with the role.</p> </td> <td> <p>4 Applications</p> <p>Submit tailored applications for relevant roles, either through the Placements and Internships Service, or directly.</p> </td> </tr> </table>	<p>1 Meet</p> <p>Meet the QA Higher Education Placements and Internships Service to discuss your career aspirations and skills to identify possible roles.</p>	<p>2 Prepare</p> <p>Begin working on your CV and identifying the areas that you need to develop to undertake an internship.</p>	<p>3 Participate</p> <p>Participate in the employability workshops that are included in your course to strengthen your applications.</p>	<p>6 Prepare</p> <p>If you secure an internship, we will make sure you are fully prepared for your first day with everything you need.</p>	<p>5 Interview</p> <p>Fully prepare for your interviews - research the company, re-read the job description and consider how your skills fit with the role.</p>	<p>4 Applications</p> <p>Submit tailored applications for relevant roles, either through the Placements and Internships Service, or directly.</p>
<p>1 Meet</p> <p>Meet the QA Higher Education Placements and Internships Service to discuss your career aspirations and skills to identify possible roles.</p>	<p>2 Prepare</p> <p>Begin working on your CV and identifying the areas that you need to develop to undertake an internship.</p>	<p>3 Participate</p> <p>Participate in the employability workshops that are included in your course to strengthen your applications.</p>					
<p>6 Prepare</p> <p>If you secure an internship, we will make sure you are fully prepared for your first day with everything you need.</p>	<p>5 Interview</p> <p>Fully prepare for your interviews - research the company, re-read the job description and consider how your skills fit with the role.</p>	<p>4 Applications</p> <p>Submit tailored applications for relevant roles, either through the Placements and Internships Service, or directly.</p>					
<p>ADVANCED PRACTICE STAGE</p>  <p>60 credits</p>	<p>Your internship or project will last 12 - 15 weeks in duration. Internship students will be assigned an Internship Tutor who will support you throughout your internship.</p> <p>For students not undertaking an internship, the project will vary depending on your subject area.</p> <table border="1"> <tr> <td> <p>Business</p> <p>Internship or Business Clinic Group Consultancy Project</p> </td> <td> <p>Computing</p> <p>Internship or Research Project or Group Consultancy Project</p> </td> </tr> <tr> <td> <p>Cyber Security</p> <p>Internship or Research Project</p> </td> <td> <p>Project Management</p> <p>Internship or Research Project</p> </td> </tr> </table>	<p>Business</p> <p>Internship or Business Clinic Group Consultancy Project</p>	<p>Computing</p> <p>Internship or Research Project or Group Consultancy Project</p>	<p>Cyber Security</p> <p>Internship or Research Project</p>	<p>Project Management</p> <p>Internship or Research Project</p>
